Resolution

Yamhill County Democratic Central Committee Ballot Recommendation Supporting Measure 49

WHEREAS, Measure 49 improves protections for farm, forestland and groundwater supplies by restricting rural subdivisions, industrial and commercial development;

WHEREAS, Measure 37 was a flawed effort to increase family rights to build on & divide their properties for their families without providing for clear transferability of claims nor for spousal ownership rules and using non-standard legal and market-based language;

WHEREAS, Measure 49 better protects neighbors and neighboring businesses from inappropriate development and reduces taxpayer costs to provide infrastructure and services distant from existing community support;

Yamhill County Democratic Central Committee **DETERMINES**, Measure 49 better balances strong landowner rights with effective community land-use controls;

NOW, THEREFORE, the Yamhill County Democratic Central Committee(YCDCC):

Supports passage of Measure 49 in the November 2007 election; and

Urges all Yamhill County Democrats to actively support and work for the passage of this measure.

ADOPTED by the Yamhill County Democratic Central Committee on the 19th day of March, 2009.
